WHO AM I: I am a Web Developer who specializes in React + Redux. I am looking for a career that allows me to work with a team and grow as a developer.

EDUCATION

- 2011 - 2015
University of Oregon
Major in Ethnic Studies
Ethnic Studies is a passion of mine, and is a lens through which I view and live my life.
- 2011 - 2015
University of Oregon
Minor in Computer Science
My minor taught me a wide variety of basic skills, and gave me the trajectory I needed for development.
- 2017 - 2018
Trilogy Education
Full Stack Engineer Certification
Focusing more directly on specific skills gave me an advanced understanding of web and app development.

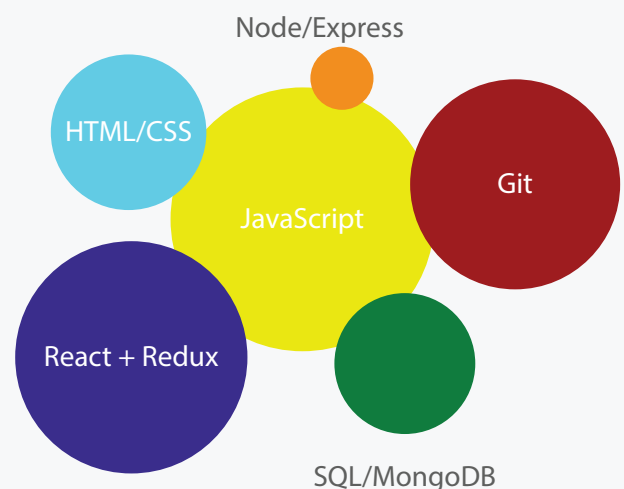

EXPERIENCE

- 2015-2018
Freelance Web Developer
As a Freelance Developer, I designed and built full stack applications. My main focus is React + Redux, but I have practice using SQL and Mongo for Databases, Node/Express to Run servers, and I am experienced with Git and GitHub for collaboration. I have some experience using Mocha/Chai for testing, and I am proficient with CSS and HTML.
- 2015-2018
Martina & Bar La Grassa
Wait Staff / Pastry Assistant / Line Cook
I excel in team oriented atmospheres as a result of my time spent in fine dining establishments.
- 2015-2016
Brimhall Elementary
Pre-K Paraprofessional
Spending a year in a Pre-school classroom taught me patience, leadership abilities, and collaboration skills.

PERSONAL QUALITIES

- Willingness to Learn
- Collaboration
- Leadership
- Hard Working
- Design
- Attentiveness

PROFESSIONAL SKILL

REFERENCE

- Elizabeth David
Director at Hennepin County
Did Bookkeeping and Accounting for Cedar Riverside Peoples Center.
elizabeth.davi
- Michael Corbett
Senior Email Developer
Built and Deployed small Full stack applications together, Including truethat.app
srcorbetto@gmail.com
- Daniel Del Prado
Owner at Martina Restaurant
Work alongside and for Danny, helping to open a successful new restaurant in the Linden Hills area.

Projects

- Truethat.app 2018
Truethat.app is a multiplayer game, which uses socket.io to connect multiple users into a secure game room. It is built on a MERN stack.
- mikelsito.github.io 2017
This is my portfolio page, built using standard HTML and UIKit CSS Framework.
